## BAPTISMAL ROBE ORDER FORM

The Baptismal Robes are not only for adult and older child baptisms but also for Orthodox Deacon Ordinations where a white robe representing the Baptismal robe is required for part of the Ordination service. Each robe is carefully hand crafted on the premises according to measurements that you submit.

The Baptismal Robes are made in the classic Orthodox sticharion style as shown in figures the figures below. There is a little trim around the neck and at the neck enclosure, which is a white-on-white galloon trim. Cross style 1 and 2 are embroidered crosses sewn on as shown below. These crosses are available in white, gold or red. Cross style 3 shown below is made with white/gold galloon trim but you can choose to have it made with the white/white galloon trim used on the neck; or, if you choose, it can be made with other colored galloon trim such as: gold/red, white/red, gold/gold or white/gold.

A matching **Head Scarf** may be ordered for the ladies. It is plain white and the same fabric as the baptismal robe, 35 inches square and may be folded into a triangle. A small cross to match the cross style you have chosen for your robe will be placed directly on a point in the scarf so the cross will appear at the back

**PRICING:**  
**White Baptismal Robe:**  
All sizes are \$125.00.

Chart Coordinates	Description	Measurement
	Measure over clothing for garments that are worn over clothing. For Best results, have someone help you take your measurements. Custom orders are not returnable; we are not responsible for measurements that are not correct.	Write your measurement in inches.
2	Length of shoulder seam. Measure from the <b>side</b> of the neck to where the shoulder meets the arm	
3	Regular Sleeve Length. Hold arm slightly out to side and as if holding a candle in the front – measure from where the shoulder meets the arm to the wrist.	
2 + 3	Length of Arm from the center of the back of the neck and where neck is level with the shoulders at the top of the spine – to the end of the wrist.	
9	Neck Size - Measure around the part of the neck that is most full.	
1	Bottom of collar to bottom of garment, Front. (This would be where you would like the length to fall in the front. Wear shoes you would normally wear to take this measurement.)	
6	Waist (to find waist, bend to the side – the crease is where the waist is, measure around that location)	
4	Bottom of collar to bottom of garment, Back. (This would be where you would like the length to fall in the back. Wear shoes you would normally wear to take the measurement)	
5	Bottom of collar to Waist, Back	
7	Shoulder Width	
8	Chest. (Measure under the arms at the most full part of the Chest)	
<b>Weight</b>	Please list in pounds	
<b>Height</b>	Please list in Inches	
<b>Shirt Size</b>	Please give Dress Shirt Size. Example: 17 33/34
