The complete Priest set is shown with the regular embroidered cross that is used on all vestments at no extra charge. Phelonions are made unlined as shown in the first picture. Optional lining for the Phelonion is available. Epimanikia, Epigonation, and Zone are all made with lining at no extra cost. The cross location on vestments are placed in the traditional position on the vestment shown above. All garments are custom made to order on premises in the USA according to measurements you submit. If you would like a design change, most design changes can be accommodated without an increase in price. Email us to discuss any design changes you would require. The Eucharistic veils (3rd picture on the top) come fully lined and are available as an option to match the Priest's Vestment set.
