Catering to unique design requests is a specialty. This Priest set was a special design request. The custom made cross design was made from the galloon trim that is used on the Vestments; and, also the placement of crosses on the Epitrachelion were positioned by custom request. This Priest Set shows the Phelonion with optional lining which matches the material used on the sticharion. The Optional Eucharistic Veils (1st picture on the bottom) also show the unique cross design .
